GENERAL INFORMATION:

The SITEMA (Single Fixture) is a modern pendant light that brings elegance and sophistication to interior spaces. Defined by its spherical glass body intersected by a brushed gold band, the fixture creates a striking balance between geometric precision and decorative refinement. Its clean form and luminous presence make it an ideal statement piece for dining areas, lounges, and contemporary hospitality environments. Constructed from glass and metal, the SITEMA pendant combines durability with luxury appeal. The smokey transparent glass finishing softens the illumination, while the brushed gold accents provide warmth and contrast. Equipped with energy-efficient LED technology, the fixture delivers long-lasting, consistent lighting performance.

MATERIAL:

Glass + Metal

VOLTAGE:

110-277V
